

SCHOOL AGE STORY TIME

Ages 6-8

Our School Age Story Time is a library program usually offered during the summer for kids who enjoy books, games, and other activities. Each 60 minute program is usually based on a specific theme. Please wear play clothes, as some activities can be messy. Parent attendance is not required, but may be asked for if your child is having difficulty with behavior.

We ask that parents not leave the building during these programs, but if you have to, please leave a phone number (preferably cell) where you can be reached.

- If Charlton schools are cancelled or delayed due to inclement weather, library programs are also cancelled.
- There is no fee for library programs. However, we gratefully accept donations of craft or cleaning items. Thanks!
