**Donating Time**
If you have a particular skill in any area (crafts, art, music, juggling, writing, photography, knitting, storytelling, yoga, etc.) that you think would be a great program for kids at the library, we would be so grateful if you would donate your time by doing a half-hour – hour session at the library during the summer. Even the most random thing can be fun for someone who doesn’t know how! You name how many kids can be in the program and what ages. If you need supplies, we can get those for you.

Please either call or email me to talk about a potential program!

Thanks!
